SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Sir:

The Examiner is respectfully requested to consider the references, copies enclosed, which may qualify as prior art. For the Examiner's convenience, the references are listed on the attached form prepared by Applicants; this form is generally based on Patent and Trademark Office form PTO/SB/08a, but is not a USPTO form. Copies of one foreign patent document is enclosed herewith.

This information is cited in a spirit of forthrightness and cooperation to enable the applicants to obtain that measure of protection for the invention to which there is entitlement. However, no representation is made that the listed art actually qualifies as prior art under the patent statute and the mere use of any accompanying form, whether such form is generated by Applicant or is a USPTO form, is not an admission that all listed references are prior art. No representation is made that applicants know of the best art.

The Chinese language reference CN1072150A was cited in a Chinese Patent Office official action. Applicants are not in possession of an English translation of the

Chinese portion of this reference. The relevance of this reference can be found in the English translation of the abstract, and in its title "Conveyor Method for Wheel-Type Container." The foreign Patent Office stated the document discloses the transporting of goods in containers with wheels, which are loaded onto ships, trains, planes, etc.

It is believed that a fee of \$180 is due with this submission. The \$180 will be submitted via the electronic fee submittal page on the USPTO website as required under 37 C.F.R. §1.17. If this amount is incorrect, please charge any deficiency or credit any overpayment under the foregoing rules to deposit account no. 07-1969.

Respectfully submitted,
